

ASSIGNMENT – 01

Vehicle Service Request Form Basic Fields Use Case

NAME: THAMIZHARASAN M

ROLL NO: 240701560

Objective:

To design and build a functional "Vehicle Service Request Form" application in Zoho Creator that demonstrates the correct usage of all thirteen Basic Fields available in the Form Builder, while solving a real automobile service-center requirement of scheduling and pre-recording vehicle service and repair requests.

Procedure:

1. Owner Details Configuration (Section A):

Create the "Service_Request_Form" and configure fields for Owner Name (Name field), Vehicle Registration Number (Single Line), and Vehicle Type (Drop Down). Set these as mandatory fields.

The screenshot displays the Zoho Creator Form Builder interface for a "Vehicle Service Request Management" form. The interface is divided into three main sections: a "Basic Fields" panel on the left, a central form canvas, and a "Field Properties" panel on the right.

Basic Fields Panel: This panel lists various field types available in Zoho Creator, including Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, Drop Down, Radio, and Multi Select.

Form Canvas: The central area shows the configured form fields. The fields are: Owner Name (Name field), Vehicle Registration Number (Single Line), Vehicle Type (Drop Down), Email Address, Contact Number, Pickup Address, Odometer Reading, Service Type, Additional Services Requested, Issue Description, Preferred Service Date, and Preferred Drop-off Time.

Field Properties Panel: This panel shows the configuration for the selected "Owner Name" field. It includes the following settings:

- Field name:** Owner Name
- Field link name:** owner_name
- Validation:** Mandatory (checked)
- Display Fields:** First Name (checked), Last Name, Suffix
- Data Privacy:** Contains personal data (EU) (unchecked)
- Data Security:** Data encryption is not supported.

The bottom of the interface shows a navigation bar with "My Pins", "Chats", and "Contacts" icons, along with a trial expiration notice: "Trial expires in 15 days | Upgrade".

6. Live Form Preview & Submission:

Launch the live application preview. Fill in sample details (e.g., David Lee, Truck, Accident Repair) to verify that all mandatory validations and layout structures work flawlessly before submitting the data to the Service_Request_Report.

This screenshot shows the 'Service Request' form in the 'Vehicle Service Request Management' application. The form is titled 'Service Request' and is located under the 'Service Requests' tab. The form fields are as follows:

- Owner Name: A text input field with a placeholder 'First Name'.
- Vehicle Registration Number: A text input field.
- Vehicle Type: A dropdown menu with '-Select-' as the selected option.
- Email Address: A text input field with an email icon.
- Contact Number: A text input field with a country code dropdown set to '+91' and a placeholder '81234 56789'.
- Pickup Address: A text input field with a placeholder 'Address Line 1'.
- Odometer Reading: A text input field with a placeholder '#####'.
- Service Type: A dropdown menu with '-Select-' as the selected option.
- Additional Services Requested: A dropdown menu with '-Select-' as the selected option.
- Issue Description: A text area.
- Preferred Service Date: A date picker with a placeholder 'dd-MMM-yyyy'.
- Preferred Drop-off Time: A time picker with a placeholder 'HH:mm:ss'.

This screenshot shows the bottom section of the 'Service Request' form. The form fields are as follows:

- Vehicle Registration Number: A text input field.
- Vehicle Type: A dropdown menu with '-Select-' as the selected option.
- Email Address: A text input field with an email icon.
- Contact Number: A text input field with a country code dropdown set to '+91' and a placeholder '81234 56789'.
- Pickup Address: A text input field with a placeholder 'Address Line 1'.
- Odometer Reading: A text input field with a placeholder '#####'.
- Service Type: A dropdown menu with '-Select-' as the selected option.
- Additional Services Requested: A dropdown menu with '-Select-' as the selected option.
- Issue Description: A text area.
- Preferred Service Date: A date picker with a placeholder 'dd-MMM-yyyy'.
